

SPRING NEWSLETTER

CHEVRON FIRST SOURCE MARKETER

Al Warren Oil is proud to provide its customers with Chevrons quality line up of lubricants and coolants. What makes Chevron unique is their long standing relationships with Original Equipment Manufacturers (OEM). The manufacturers include Paccar and Daimler Trucks North American. As of January this year Chevron Delo will supply two thirds of the North American heavy-duty engine oil factory fill's. Chevron also has coolant factory fills with top OEM's. With your trucks OEM trust in Chevron and Chevron's Warranty Plus Bumper-to-Bumper DELO Protection, we believe we can offer you the highest quality lubricants. Best of all Chevron makes all of their finished lubricants right here in the USA. Let us simplify your needs, reach out to your sales rep today to ask about our lubricant offerings and equipment options.

IS YOUR FUEL SYSTEM READY?

With winter behind us, it is time to be proactive for spring. Proper tank maintenance is crucial in the transition for a smooth-running fleet. With temperatures rising, fuel tanks are subjected to potential water and condensation issues. Al Warren Oil Co. Inc can provide a Spring Tank Cleaning Service which will include:

Bottom Sample + Nozzle Sample + Visual Inspection
 + Lab Inspection when necessary for water, microbial growth and sediment.

+ We will also switch out up to 2 fuel filters.
 + If any additional services are needed such as treatment additives, costs will vary depending on situation.

NOT USING BIODIESEL BLENDS? HERE ARE A FEW REASONS WHY YOU SHOULD BE:

- ILLINOIS ENACTED A SALES TAX INCENTIVE FOR THE USE OF BIODIESEL BLENDS THAT CURRENTLY RUNS THROUGH 2023
- BIO-DIESEL IS MADE FROM A DIVERSE MIX OF RESOURCES SUCH AS SOYBEAN OIL, COOKING OIL, AND ANIMAL FATS
- LOWER COST OF FUEL/FEDERAL MOTOR FUEL TAX INCENTIVES
- INCREASED LUBRICITY & CETANE OVER STRAIGHT ULSD
- IT IS THE FIRST AND ONLY COMMERCIAL-SCALE FUEL PRODUCED ACROSS THE U.S. TO MEET THE EPA'S DEFINITION AS AN ADVANCED BIOFUEL
- NEARLY 90% OF THE MEDIUM AND HEAVY-DUTY TRUCK OEMS SUPPORT THE USE OF BIODIESEL BLENDS UP TO 20% (B20)
- REDUCE TOXIC CARBON-BASED EMISSIONS
- PURE PERFORMANCE, OVER SYNTHETIC FUEL ADDITIVES IN ULSD

DID YOU KNOW? DIESEL EXHAUST FLUID FACTS:

FACT

AWOC can deliver DEF specific to your needs (330 gallon totes / 55 gallon drums / Direct-to-Unit Service / 2.5 gallon jugs).

FACT

AWOC is adding new trucks and equipment to handle the growing demand of DEF.

FACT

If DEF is stored incorrectly, it will corrode the surrounding material and in turn contaminate itself.

FACT

DEF is not classified as a hazardous material, but should still be handled with caution.

FACT

When it comes to reducing emissions and promote healthier air quality, DEF is recommended for all diesel vehicles.
